About Irina Maria Garbini and the Seminar

Irina Maria Garbini lives in Switzerland and has been travelling on the Peloponnese for many years. The first time was 12 years ago, when she went to visit her family. It was then that she discovered the beautiful island of Kythira. It came to her mind like flash that one day she will be back with her dear lover. She has fulfilled this wish: Firstly, she returned with her husband and later also with dear friends with whom she has been exploring the island ...

Not only the beauty of the island and the people who live here and are absolute love souls to Irina Maria Garbini, have conquered her heart, but also the energy of pure love, wisdom and the energy of different power places and beings of the highest universal levels to which she connects in full consciousness. She follows her inner impulse to make this place, full of miracles and magic, also accessible for other people.

In special areas on Kythira power places will be visited, which, in connection with the soul and personality, can open gates to the energies of landing places of the space commands, crystal pyramids and sound spaces. Among other things, guided meditations and channelings will take place with spiritual allies, serving a better connection and balance between the personality and the soul in relation to the earth. Knowledge and wisdom of Spirit supports the activation of the still sleeping centres which refer to the personal soul's memory and to Atlantis, in order to connect with the treasures of the new earth and to allow the integration and strengthening of information.

Über Irina Maria Garbini und das Seminar

Irina Maria Garbini lebt in der Schweiz und bereist seit vielen Jahren den Peloponnes. Erstmals vor 12 Jahren, um dort ihre Familie zu besuchen Da entdeckte sie die wunderschöne Insel Kythira für sich. Mit einem zündenden Gedanken, dass sie eines Tages mit ihren Liebsten dort sein wird, hat sie sich diesen Wunsch erfüllt, so dass sie zuerst mit Ihrem Mann und dann auch mit sehr engen Freunden gemeinsam die Insel erforschte...

Nicht nur die Schönheit der Insel und die Menschen, die hier leben und die für Irina Maria Garbini absolute Liebesseelen sind, haben ihr Herz erobert, sondern auch die Energie der reinen Liebe, Weisheit und Power verschiedener Kraftplätze und Wesenheiten höchster universeller Ebenen, mit denen sie sich bewusst verbindet. Sie folgt ihrem inneren Impuls, auch anderen Menschen diesen Ort, der voller Wunder und Magie ist, zugänglich zu machen.

An einzigartigen Orten auf Kythira werden Kraftplätze besucht, die in Verbindung mit der Seele und Persönlichkeit, Tore zu den Energien von Landeplätzen der Raumkommandos, Kristallpyramiden und Klangräumen öffnen können. Unter anderem finden geführte Meditationen und Channelings mit geistig Verbündeten statt, die der Verbindung und dem Gleichgewicht zwischen der Persönlichkeit und Seele in Bezug zur Erde dienen. Wissen und Weisheit von Spirit unterstützt die Aktivierung der noch schlafenden Zentren, die sich auf die Erinnerung der eigenen Seele und Atlantis beziehen, um mit den Schätzen der neuen Erde in Verbindung zu treten, Informationen zu integrieren und zu stärken.

Irina Maria Garbini is a musician, artist and a "spiritual speaker" of the new era. With her clarity and creativity, she imparts pure joy in seminars on the stage and in the encounter with people. In years and intense discussions with herself about life and the question of what the universe has to offer, she went to her true core the reason. She has been preparing for many years to be what she is and is living today. In doing so, she made many experiences relating to her own soul, the spiritual planes in relation to earth existence and the larger plan. It channels spiritual knowledge and continues to teach courses to teach the participants to be their own masters. To be a creator and to recreate their lives.
